EDUCATION

Christ Church School

High School Graduation

Mumbai, India

Mar. 2022

Indian Institute of Information Technology, Nagpur

B.Tech in Computer Science Engineering (Artificial Intelligence & Machine Learning)

Nagpur, India

Aug. 2024 – Present

EXPERIENCE

Web Developer Intern

Dec. 2025 – Present

The Consistent Academy

Remote

- theconsistentacademy.in
- Engineered and deployed a production-grade React + Firebase platform & test interface serving 100+ users.
- Integrated Razorpay for payments & robust email communication via Resend.

PROJECTS

Icarus | React, NASA DONKI APIs, react-globe.gl, JavaScript, Tailwind CSS

May 2025

- icarus-solar.vercel.app
- Built a space-weather dashboard visualizing Solar Flares, CMEs, and Auroras on an interactive 3D globe.
- Integrated NASA DONKI APIs and NOAA Kp-index forecasts for near real-time insights.

FloatChat (Under Development) | Streamlit, Python, React, PostgreSQL, LangChain, OLLaMA

Sep. 2025

- aquasense-seven.vercel.app
- An AI chatbot that ingests ARGO NetCDF ocean datasets, structures them, & enables natural-language querying via a RAG pipeline.
- Deliver geospatial visualizations & analytical insights using a vector database and LLM-powered retrieval.

Kepler AI | React, FastAPI, Scikit-Learn, Python

2026

- kepler-ai-koi.vercel.app
- An end-to-end ML system to classify Kepler-detected objects as confirmed exoplanets or false positives using astronomical observation data.
- Predicted planetary radius for confirmed exoplanets using ensemble regression models based on stellar parameters & transit characteristics.
- Built a FastAPI backend for real-time inference & a sleek React based frontend.

Parkify - Smart Parking | PHP, MySQL, Leaflet.js, Confetti.js, JavaScript, HTML/CSS

Mar. 2025

- parkify.great-site.net
- Designed a smart parking system to help users locate, reserve, & manage parking spots efficiently in real time.
- Implemented booking and management flows backed by a MySQL database with a modern, interactive UI.

TECHNICAL SKILLS

Languages: Python, JavaScript, Typescript, Java (Coursework), SQL, C/C++

Frameworks & Libraries: React, Tailwind CSS, SciKit Learn, Numpy, Pandas, Matplotlib, Seaborn, Pytorch

Backend & Databases: Firebase, MySQL

Tools: Blender, Git, VS Code, Figma

EXTRACURRICULAR ACHIEVEMENTS

- Winner, **Healthy Headspace Hackathon**
- Winner, **AstroHack 2025**
- **4th Place**, Kraftron Game Development Hackathon — IIT Bombay E-Summit 2025
- 2× Winner, **Render Riot** (Nationwide 3D Animation Competition)
- **1st Place**, Infacto 4.0 (Nationwide Debate Competition); Multiple Best Delegate & High Commendation awards in MUNs
